

THE STOREHOUSE PROJECT

SUPPORTING THE COMMUNITY THROUGH THE COVID-19 PANDEMIC

The StoreHouse is a ministry that is run by volunteers from The Warehouse Church, Newport. Funding and donations have enabled us to help support vulnerable families in Pillgwenlly and the surrounding area's of Newport.

At the beginning of the Covid 19 Pandemic we saw a dramatic increase in the demand for support with food provision throughout the city. We went from a few boxes a week to 100 food parcels being delivered on a weekly basis.

Most of the families we are now reaching have come as referrals from Social Services, Local Schools, Race Equality First, Maindee Youth Project and many more. We are supporting families and have built relationships with them to understand how we can further support them in the current climate.

We could not have impacted our community without the generous grants, gifts and donations.

TESTIMONIES

"This evening i received a parcel, we have really struggled these past weeks, it took courage to ask for help, the gentleman who dropped the parcel was lovely and i didn't feel any embarrassment as i thought I would!!...I can't express how grateful and thankful i am for this. this has helped us greatly. I have always believed in God but these recent months I've been praying and i shall add you to my prayers. Thank you what you are all doing is such a beautiful thing please stay safe and bless you all."

"I was a bit nervous and feeling weak so we were so happy when you knocked and brought us a food parcel. You don't even know how important they are to us now. It is very possible that without them my family would have gone hunger because my partner is still waiting for surgery and my money only covers expenses related to our apartment. We took this house and we just started enjoying it when my partner's illness came. Because of you my family was able to have breakfast today. You are wonderful people, you have brought joy everyday to our home."

We would like to acknowledge all of the gifts, donations and grants we received from various sources. Thankyou for helping us to make a difference in the lives of the families in the community.
